Is the public hearing still on for January 28?

Yes, I have returned to the permitting job that I had to leave in April 2019. I look forward to issuing this permit! Talk to you soon.

Thanks Kip. I assume you are still working this project so will you be my main POC? I had been getting a lot from Meghan.

Hi Katy.

The easiest way for you to get most documents may be through our public notice website (BlockedBlocked<https://www.epa.gov/publicnotices/19f100002-public-hearing-and-extended-comment-period-draft-national-pollutant>). It has the draft permit, fact sheet, Biological Evaluation, EFH consultation, Environmental Assessment, Ocean Discharge Criteria Evaluation, etc. Let me know if you want the MS word versions or if you need other documents.

I'm glad you will be able to attend the public hearing.

Also, wanted to mention that Meghan is no longer with the EPA, she got a job with the CDC.

Good Morning Meghan or Kip,

I was wondering if you could send me your draft permit documents? I want to start drafting my decision document for this project and will try and cut and paste some things from your documents. We won't be issuing until the NPDES permit is finalized, but I want to try and get a head start.

Just an FYI, I do plan on attending the Public Hearing. Some others from the Corps might come as well.

Thanks!

Respectfully,  
Katy
